Re: Requesting Advisory Opinion

Dear Attorney Staff Member,

I am currently employed full time with the Department of Children and Family Services (DCFS) as a Child Welfare Supervisor in the Foster Care program. I am attempting to gain part time employment with an outside Agency by the name of Guardian Angels Place, LLC. Guardian Angels Place operates to certify foster homes for children who are in DCFS custody, Office of Juvenile Justice custody, homeless children, and/or children who have been exposed to sex trafficking. My job with this company would be to review and approve the home studies of potential caretakers.

Per my local DCFS HR representative, I need a clearance letter from the State Board of Ethics advising that me obtaining this part time employment would not be a violation of any kind. Please advise via a letter of your decision.

Respectfully Submitted

Andrea Bryant
